

| Tuesday April 28, 2026 | Wednesday April 29, 2026 | Thursday April 30, 2026 |

Calling all Deer, Moose, Bears and Elk!

The dates for the 21st edition of the Canadian Technical Security Conference (CTSC) TM have been confirmed for Tuesday, April 28, 2026, through Thursday, April 30, 2026.

Consumer and commercial technological developments continue to converge at a tremendous pace, opening up new possibilities for technical security professionals and at the same time, a wide variety of technological threats are also emerging, creating new challenges requiring new skill sets across the counter-espionage sector.

These new threats can compromise technical security and place tremendous demands on and pose significant challenges to the physical infrastructure and the information technology architecture.

Technical security professionals, at all operational threat levels, from private individuals, small businesses, corporate security directors, governments and military operators need to be informed and prepared, not only in Canada, but around the globe.

This is why you need to be a part of the exclusive group of technical security practitioners and industry support professionals at CTSC 2026.

CTSC 2026 is a not to be missed three (3) day professional development opportunity.

In addition to learning about current threats and countermeasures, you will be able to network with other practitioners and gain familiarity with the latest products from key industry vendors.

Plan now to attend, present, demonstrate, exhibit, network and perhaps compete in our highly competitive "Bug-Off" event; attend hospitality night, enjoy the keynote speaker during our always entertaining casual Dinner and Awards night; learn something new, see what is new on the horizon and extend your professional credibility with renewed knowledge and hands on experience.

This is all happening at the Banff Centre for Professional Development in Banff National Park Townsite, Alberta Canada.

Our three (3) day professional development and networking, all-inclusive conference and tradeshow event, provides excellent value, realizes maximized training benefits and enhances your professional credibility.

CTSC 2026

Extend Your Professional Credibility and Expand Your Knowledge

Conference Overview

CTSC 2026 is a three (3) day, professional development and networking opportunity that features a TSCM focused learning experience delivered by industry leading technical operators.

Participant Benefits

Broaden your understanding of the technical security field.

Refine your skills with the only Canadian organization to offer standards-based certification training, ethics and best practices in the field and the boardroom.

Network with other technical security specialists and become part of a growing network of industry and tradecraft professionals.

Update your skills and knowledge of TSCM capabilities and the latest threats and vulnerabilities.

Receive a professional development certificate, for those who attend the required number of training sessions during the event.

CTSC 2026 certificates are recognized by professional associations, such as the American Society of Industrial Security (ASIS), as continuing education credits against the CPP ® and other designations.

Presenter Benefits

Enjoy the satisfaction of imparting your technical security knowledge on to a group of interested practitioners and contribute to the overall industry knowledge base.

Through interactions with other experts, broaden your horizons and gain new business prospects and opportunities.

Update your knowledge of TSCM technology and equipment capabilities.

Offer to share your extensive experience and knowledge with your peers by submitting a presentation proposal for the 21st Canadian Technical Security Conference.

Exhibitor Benefits

The exhibit space is strategically co-located near the presenter area and provides an opportunity to:

Market your products and services while interacting with the industry experts that utilize your products and services in the field.

Contribute to the overall sustainability and success of the technical security industry by your participation.

Become eligible for industry awards and recognition.

Contact us to reserve your exhibit space or to sponsor a conference activity.

Advertising Opportunities

Maximize the impact of your presence at the conference by advertising with us as part of your overall targeted marketing strategy.

Advertising at CTSC 2026 financially supports the aims, goals and objectives of the event, and places your company front and center with a dedicated industry audience.

Visit us online at www.ctsc-canada.com for online registration, accommodations, payment and CTSC 2026 conference event details.

Your mission and destination for CTSC 2026 is the Banff Centre for Professional Development

Conference Highlights

Hospitality Night (Tuesday April 28, 2026)

Please join friends and business associates for a casual hospitality event hosted by Professional Development TSCM Group Inc. Hospitality night includes a selection of comfort food items and refreshments, and provides an excellent networking opportunity and end of the first day.

Competitive “Bug-Off” (Tuesday April 28, 2026 | Wednesday April 29, 2026)

Bragging rights are the order of the day for the 21st competitive “Bug-Off”. Evaluate new equipment and perhaps learn a new skill from other like-minded participants in a mildly entertaining and somewhat stimulating competitive environment of our challenging “Bug-Off”, sponsored by the “Office of Evil Intent”.

Dinner and Awards Night (Wednesday April 29, 2026)

Join us for a casual, relaxing Dinner and Awards Night event hosted at the Banff Centre for Professional Development venue. Enjoy an expertly catered dinner and round out the evening with our Keynote speaker and networking opportunity.

TSB Technical Workshop (Thursday April 30, 2026)

The TSB Technical Workshop brings an important “tradeecraft” component to the conference, with a strong focus on modern threat detection methods and the latest on hostile threat technology. Learn about the latest deployment best practices as developed by our Technical Research and Standards Group (TRSG)™.

Participant Registration

For event security reasons, advance registration is mandatory for CTSC 2026. Please note that at the door walk-in registration or payment is NOT permitted.

Full 3-Day Registration

\$750.00 + \$37.50 (GST) = \$787.50

Includes attendance for all 3 days of the conference, hospitality night, our Dinner and Awards night and eligibility to receive a Professional Development Certificate and the conference USB Resource Media.

Single Day Registration

\$500.00 + \$25.00 (GST) = \$525.00

Includes attendance and events for any one (1) day of the conference.

Registration is available online
at www.ctsc-canada.com

Certified Technical Operator (CTO)™ (Tuesday April 21, 2026 to Saturday April 25, 2026)

We are pleased to offer a 5-Day Certified Technical Operator (CTO)™ program leading up to this year’s conference event at the Banff Centre for Professional Development. Refresher or first time attending, the CTO™ program is a must attend event. Registered participants for the training, receive a 50% discount on the CTSC 2026 registration fee and are credited with an additional 18 hours of training credit time. Training participants have an opportunity to explore the Banff National Park on Sunday and Monday following the training and well rested for the start of CTSC 2026 on Tuesday.
